Solicits sanction to the further loan of 5 lacs to be drawn in August 1878.

46 To the same. No. 3303/46 dated 30th July 1878.

Sets forth reasons for application made, for 5 lacs, by telegram.

47 From the same. Tgm. 3rd August 1878.

Your telegram thirtieth. Government sanction further loan of five lacs to be drawn this month by instalments.

48 From the same. No. 382 F dated 3rd August 1878.

Forward post copy of the above message.

49 From the same. No. 396 F dated 6th August 1878.

Acknowleges receipt of application made for a further loan of 3 lacs of rupees and states that sanction was conveyed in his telegram of 8th July. Points out that including this sum the Province of Mysore has borrowed 58 lacs of rup es from the Govt of India and that the Deputy Acct General anticipates that a further loan of 22 lacs will be needed, apart from Railway requirements, before the earliest collections of the current year fall due. Request submission of a comprehensive view of the present and prospective financial position of the State.

50 From the Deputy Acct General. No. 2660 dated 15th Aug. 1878.

Requests that sanction may be obtained for a further loan of 5 lacs for September.

5151. To the Foreign Secretary. Tgm. 3791/337 dated 16th Aug. 1878.
Solicits sanction for a further loan of 5 lacs of rupees.

5252. From the same. Tgm. dated 21st August 1878.
Your telegram of 16th. Government sanction further loan of 5 lacs to Mysore State.

5353. From the same. No. 1748 P dated 21st August 1878.
Forwards post copy of the above message.

5454. To the same. No. 4409/66 F dated 6th September 1878.
Submits report on the financial condition and prospects of this province for the years 1877-78 and 1878-79.

5555. To the Foreign Secretary, Simla. Tgm. 4974/77 D/ 26-9-1878.
States that a further loan of 5 lacs will be required for October and solicits early sanction.

5656. To the same. Tgm No. 5020/70 dated 30th September 1878.
Solicits early sanction for five lacs additional loan for October as requested on the 26th instant.

5757. To the same. Tgm No. 5095/26 dated 4th October 1878.
Solicits attention to telegrams of 26th and 30th ultimo funds being urgently required.

5858. From the same. Tgm dated 5th October 1878.
Sanctions further loan of five lacs.

5959. From the same. No. 3325 dated 5th October 1378.
Forwards post copy of the above message.

6060. From the Deputy Acct General. No. 3658 dated 16-10-1878.
Requests that sanction of the Government of India be obtained for a loan of seven lacs of rupees.

6161. To the Secretary, Foreign Dept, Simla. Tgm D/ 17th Octr 1878.
Solicits sanction to a further loan of 7 lacs of rupees.

6262. From the same. Tgm. dated 22nd October 1878.
Sanctions a further loan of 7 lacs.

6363. From the same. No. 3664 dated 22nd October 1878.
Forwards post copy of the above message.

64. From the Under Secretary to Govt of India. Foreign Dept.
No. 542 F dated 28th October 1878.

Communicates orders of the Governor General in Council on the subject of the further loan of 12 lacs of rupees to this State.

Mysore Chief Commr's Office
Bangalore 20th August 1877
No. 61
Regd

To,

The Secy. to the Govt
of India,
Foreign Department
Govr. Genl's Camp.

Sir, In compliance with the instructions contained in your telegram of the 2d. Instant, I am directed to submit herewith a revised Budget Estimate of receipts and expenditure for the year 1877-78, together with the Statements noted in the margin ~~and copies of letters~~ No. 2501 and 2696 ~~dated~~ 2d and 14th ~~instant~~ respectively from the Dy. Accott Genl. of Mysore and of a Memo prepared in this office.

× 1. Statement comparing the Estimate of Receipts for 1877-78 with the actuals for last year.
2. Do. comparing the Est: of expenditure for do
3. Do do.
3. Statement shewing the Sanctioned Famine Ests.
4. Statement shewing the Demand Collection & Balance of Revenue for 1876-77, made up to 30th June 77
5. Detailed Statement of future requirements (See Para 6)

Sent to Secy. to Govt. Punjab 15.9.77
Ditto Bombay 15.9.77
Ditto Madras 15.9.77
Ditto Foreign Dept.
Note Below to Govt. Madras, Foreign Dept.
No. 6986 dated 16th October 1877

2. It will be seen that the receipts for the current year which were originally estimated at Rs. 108,94,000, have now been reduced to Rs. 76,60,000. Adding to this the sum of Rupees 46,16,000 being the sale proceeds of the invested funds according to the particulars given in detail in Statement no 1 the total estimated assets amount to Rs 122,76,000

3. As regards expenditure the original estimate, Rs 109,54,000, has now been raised to Rs. 173,60,000, being 64,06,000 more than the normal Budget Estimate and Rs. 50,03,300 in excess of the estimated assets. This increase is mainly due to the provision of Rs. 53,21,000 on account of

3 In the Statement of advance expenditure, such allocation has been made as the expenditure of the year has appeared likely taking the total expenditure as the pole and of the budget ~~to obtain~~ as Rs 25,15,000, ~~to obtain~~ an aggregate which is obtained by Rs 120,39,000, the charge of famine expenditure. The famine expenditure from April to 28 Aug amounts, according to Treasury Accts to Rs 1421000, & adding to this the Estimate Sept to Dec at 6 lacs per month and for Jan & March at 3 lacs p m, total amounts to Rs 5321000, being the aggregate total expenditure

Rs 173,60,000 - Rem

Estimate Does not provide for the suspension works in the Carnatic div of the Railway Salem in the Bangalore Coy Carnatic by the Govt of India in the Mad, but in the Bombay Land, the Govt has decided a proportionate reduction in the Mad Budget to the extent of 3 lacs of Rupees by 1¾ lacs under the head of Irrigation Branch & 1¼ lacs under Famine Relief Branch, which the Mad Govt will have to find out of their own resources.

In respect of such works as seem fit for immediate execution, Mr Saunders proposes that the amount to be held in abeyance pending the result of the Govt of India's decision on the question of the suspension of the works should be 174 lacs and that the amount to be spent in the current year 1877-78 should be 97½ lacs

The Treasy balance on the 1st April 1877 is 28½ lacs, from the following Statement

Cash balance on the 1st of each month subsequently & the additions made thereto by sales from the Investment

famine relief and to the retention of the full amount of the sanctioned D.P.W. Budget, viz. Rupees 25,15,000. It is proposed to meet the deficit above referred to by raising a loan as suggested by the Dy. Accountant Genl

7. As to the Estimate for expenditure in the Public Works Department I am desired to state that, although it will undoubtedly be necessary for the future to restrict it within greatly reduced limits, Mr Saunders does not consider it advisable or even possible to do so at present, without aggravating the existing distress caused by high prices. Moreover, as the

existing distress imperatively requires that employment should be given to all who may be able to work, it is, the Chf Commr considers, most important that the services of the highly trained and efficient members of the Department should be utilized to the fullest possible extent in supervising and carrying out relief works; and the present is not, therefore, in his opinion, a fit opportunity for ~~effecting~~ sitting a reduction of Establishments or curtailing the expenditure on works, altho' it may be necessary to do so as soon as we tide over the present crisis, so as to keep up an equilibrium between the receipts and

Surplus funds:

	Cash Balance in	Non Mem of Imp Cr Cash Bal Sch A pt 1 ½ Cr	Total
		3 lacs	31 ½
1 April	28½	3 "	27
1 May	24½	3 "	26
1 June	19¾	7 "	26
1 July	19½	7 "	25
1 August	15½	7 "	
Required	7	5 "	
	5		
	2	896	
	1	477	

In November Cash balance low & Department low with Imp 2½ lacs, and low 30 lacs, as in Sept & Each probably in excess up to low possible extent. Now with low 2 lacs & unspent aid from the Cash balance of last April would be 5 lacs expenditure in 57 lacs estimate of preceding year.

Under the circumstances above detailed, it will be seen apparent low position, viz; of not low to meet the requirements of the November low from Oct & March, Comm must have had a loan of ~~50~~ 50 lacs, and the Chf Comm would like his views and any plans as to disposal of this amount taken to be drawn upon ~~as~~ to successive months of the latest three below.

In October 1877	20 lacs
Nov. —	15 —
Dec. —	10 —
Jan. to March —	5 —
Total	50 lacs

In Appendix to Memorandum of Expenditure Accounts under this Appropriation Heads, the Secretary of State in Council will borrow on the same terms as the Govt. has been able to obtain money, or if there be unfavorable terms on which advances to Municipalities and Municipalities.

Expenditure of the Province. The Chief Comm. has, nevertheless, directed that works aggregating 3 lacs of Rupees shall not be taken in hand without special orders before Nov. next, by which time it may be possible to judge more nearly what our receipts and expenditure will be.

5. With these explanations, I am instructed to solicit the sanction of His Excellency in Council to the revised Budget Estimates herewith submitted, and also to the grant to the Mysore State of a loan of 50 lacs of Rupees, to be taken up as denoted

VWS.

Sir,

I have the honor to report
that pursuant to the Chief Commissioner's
demi official instructions of the 8th
Instant, in consequence of the disadvantageous
rate of discount demanded for the
large bonds of the Mysore Invested
Surplus (Rs 1 lac each), I applied for
and obtained a remittance from the
Accountant General, Madras, of
five lacs of Rupees on the 9th Instant,
as per Copy of my telegram to that Officer
enclosed, as the first instalment of a
loan

loan to the Mysore State -

I submit a copy of the Accountant General's letter No 6258 of the 10th September, from which it will be seen that he has directed the remaining ten lacs of Government Securities of the Mysore Invested fund to be sent to Calcutta, to be sub divided into pieces of Rs 5000 each and returned at a sufficiently early date to admit of their being sold in the first week of October -

Please the honorable
Sir,
Your Most Obedient Servant.

Deputy Accountant General
of Mysore

Hy.

General Mysore that the ten Promissory Note amounting to Rs ten Lacs, belonging to the Mysore Invested Surplus Account may be forwarded, without delay, to Calcutta, to be sub divided into pieces of Rs 5000/ each to render them more readily saleable The Public Debt Office at Calcutta should be requested to expedite the transmission of the New Note, in sufficient time, to admit of their being sold, in the first week of next month.

2. The 5 Promissory Note sent to you with my No 6010 of 4 instant should be sent to this Office in lieu to the endorsement made thereon in your favor being Cancelled -

To

The Secretary to the Chief Commissioner
General Department

Sir,

I have the honor to depute
for the Chief Commissioner's information
that I have received during September
the 20 Lacs of Rupees which have been
sanctioned by the Government of India
as a first instalment of loan to
the Mysore State. The amount
was drawn by 2 instalments as per
margin. It will be remembered
that 10 Lacs of the twenty were advanced
by the Government in consequence
the difficulty of selling the Govern
Securities of Rs. 10,14,000 remaining

the

Date of Receipt
10th 5 Lacs
17th 5 Lacs
25th 5 Lacs
30th 5 Lacs

the Mysore Invested Account, and which will be sold on being subdivided into papers of 5000 Rs. each during October current.

2 When the first instalment of 5 lacs was received on 10th September the Cash balance of the Chief Commissioner's Treasury was Rs 1,83,643, and subsequent ordinary receipts to 30th September, Rs 120896, which added to the 20 lacs ~~produced~~ an aggregate of Rs 2,04,539. The remittances made to the District Treasuries have amounted to Rs 97,7000 of which 2 lacs were despatched on the 26 & 28 September to meet requirements for October. Only 1 lac of the Subsidy for August having been paid before the 10th September, the subsequent payment of balance for August and the whole for September have amounted to Rs 3,08,333 and other payments from the Chief Commissioner's Treasury

Remittances to
Bangalore 2,50,000
Kolar — 1,00,000
Tumkoor — 1,75,000
Mysore — 1,50,000
Nagamangala — 1,00,000
Shemoga — 50,000
Chitaldroog 1,52,000
9,77,000

to Rs 343624. The balance in hand on the morning of 1st October is therefore Rs 675582.

3 Of the above balance of 6¾ lacs about 3 lacs are immediately available for remittance to districts, but as 5 lacs more will probably be needed before the 15th instant, I have requested the Accountant General Madras to telegraph to me the arrival of the Subsidised Securities with a view to an early sale.

I beg to add that I have received no intimation of arrangements being made for the further loan of 15 lacs for which application has been made by the Chief Commissioner and which will be required to meet the expenditure of November next.

I have the honor to be,

Sir,

Your most obedient Servant.

Deputy Accountant General.

Bangalore 20 October 1877.

From

The Deputy Accountant General
of Mysore

To,

The Secretary to the Chief Commissioner
General Department

Sir,

I have the honor to submit a Power of attorney for the sale of the remaining bonds of the Mysore Invested Surplus Fund amounting to Rs 514000/ and request that it may be executed with a view to my asking the Accountant General Madras to direct the immediate sale of the bonds so that the proceeds may reach Bangalore before the close of this month.

2 The present balance of the Chief Commissioner's Treasury in Rupees and Notes is Rs 4¼ lacs of which, one lac is required immediately at Mysore, and 2 lacs will be payable on account of the Subsidy on

the 31st instant. Remittances will also be needed by the other treasuries in time to commence the month of November.

3 It is most important under these circumstances that the 15 lacs which the Government of India were solicited to grant, as a loan to the Mysore State in November should be placed at our disposal early in that month. 10 lacs will probably be required by the 15 November.

I have the honor to be

From

The Deputy Accountant General
(Mysore)

To

The Secretary to the Chief Commissioner
General Department

Sir,

I have the honor to report
for the information of the Chief Commissioner
that 30 lacs of Rupees have been
received up to the end of November
on account of the Famine loans
sanctioned by the Government of
India, the last instalment of 5 lacs
arrived on the 27th November 1877
and after making remittances to
the District Treasuries requiring
immediate aid, the Cash balance
remaining at the Chief Commissioner's Treasury
this day is Rupees 1,35,807, exclusive of
Copper Coins, and also exclusive of
Rupees 2,79,500 deposited by the General

September 2,00,000
October 5,00,000
November 5,00,000

Relief Committee, which may be drawn upon by them at any time.

The amount of loan authorized for November was 15 lacs of which 10 lacs only have been received, and I request the Chief Commissioner's sanction to apply for the balance of 5 lacs before the Christmas Vacation to meet the further demands of the District, the payment of subsidy and other necessary requirements.

Estimated for 2nd half of December

Bangalore	1½	lacs.
Mysore	1	"
Kolar	½	"
Tumkur	1	"
Subsidy	2	"
	6	

Should the revenue collections progress adequately in December and January, I hope it may not be necessary to ask for more than 5 lacs ~~now~~ as a loan early in the latter months.

I beg to recommend that the sanction of the Government of India to this amount may be obtained by telegraph.

I have the honor to be,
Sir
Your most obedient Servant.
W Madon

Deputy Accountt General's Office
Bangalore 30th January 1878

No 5553

Deputy Accountant General's Office

Bangalore 30th January 1878.

31/1/78

From

The Deputy Accountant General.

of Mysore.

To

The Secretary to the Chief Commissioner

General Department.

Sir,

I have the honor to submit a further review of the financial condition of this Province in reference to the Chief Commissioner's Proceedings of the 26th December last No 8389-32 on the subject of the Land Revenue collections.

Former Estimates compared with actuals upto December

Receipts

2. It will be remembered that in the Estimates framed in August last on which our demand of 50 lacs as a Loan was based (1) the total income of the Province for the current year 1877-78 was taken at £6,62,000 plus (2) Rs 46,16,700 expected from the sale of the remaining Government Securities of the Mysore Investment Surplus. The actual realisation

Vide Secretary's letter No 5066-59 dated 20th August 1877 to Secretary Govt of India, Foreign Depart., Governor General's Camp.

realisations to the end of December 1877
under the first head was Rs. 38,90,000/ and
under the second Rs. 45,96,194/-

Expenditure 3 The total expenditure was
estimated in August last at 174 lacs
including Rs 53,21,000/ for Famine Relief.
Again of the latter figure 30 lacs was
estimated as the probable expenditure
on Famine Relief from August to December.

30 It has in reality amounted to 26¼ lacs
including 2½ lacs expended on the Railway
– 3¾ lacs from the Imp. embankment and 2½ lacs for ~~XXXXX~~
Relief Works under Civil Officers.
I am unable to say how much
more has been expended on such works
in the Public Works Department from
August to December 1877, but in
consequence of the extension of Relief
operations under that Department
since the formation of the Famine
Department in September last the
revised

revised Public Works Budget for the whole year, which has been made up to a total of 32½ lacs, provides 11.6000 on account of Famine Relief. It will appear from this that our estimate of 30 lacs as the total Famine Expenditure from August to December was by no means exaggerated -

Revised Estimates

4. With the facts now in our possession as to Actuals, receipts and Expenditure upto December and the improvement of agricultural prospects since the last estimate of August, a revised estimate is desirable. From the accompanying Statement it will be seen that the total Expenditure of 1877-78 may now be taken at 168 lacs instead of the 175 lacs estimated in August last. In the receipts however there is still great uncertainty as to the result of the Land Revenue collections,

in

in consequence of the concessions authorised in the Chief Commissioner's orders of 26th December. In the former Estimate, the total Land Revenue, receipts to be realised in 1877-78 were taken at 49 lacs, of which one lacs realised Rs 20,83,000/ to the end of December. An Estimate recently framed in the Duftur or Revenue Department of your Office sets down the Land Revenue receipts to be collected in January to March at Rs 41,67,000/ making the total of the year 62½ lacs. With all deference however this Estimate appears to me far too sanguine, for the following reasons.

The outstanding balance of Land Revenue demand of 1876/77 was Rs 1 which Rs 20,83,000 Under receipts the Estimate of 49 lacs was for 1877/78 no portion of which was collected in January and February but the Estimate assumes that 2 lacs will be collected in January and February

First, the demand for the current revenue year is assumed to be equivalent to that of the year 1876-77, namely — 64,35,000

1/16th is deducted on account of deserted lands. — 4,02,000

60,33,000

Collections to be postponed to next year — 4,76,000

Ditto not due till May — 13,90,000

18,66,000

To be collected January to March 1878. 41,67,000

	41.67.000
Collected upto December ———	20.83.000
Total for 1877-78 —	62.50.000

5. It will be remembered that the earlier co-lections of the year 1876-77 amount to 51 lacs only, and that since then the cultivating Ryots as a class have suffered greatly. Although prospects improved in September '77 the out-turn of the crops appears from the latest reports to be disappointing in many parts of the Province and it is improbable that the Ryots' ability to meet the Government demand can be equal to what it was last year. Add to this, the absolute postponement to next year of co-lections on dry lands, of which only the area has been sown (see para. V. of the Chief Commissioner's order of 26. December) may

April to November 1876.	14.63.000
December	4.78.000
January	10.22.000
February	10.28.000
March	11.04.000
1877	50.95.000

x N.B. I refer more particularly to the following—
Famine Circular 55 of 16. January 1878 describing as "gloomy" the reports received from some "parts" of the Province as to area cultivated and dry crop harvests.
Circular v. 25. January 1878 to Dy Commissioners of Bangalore, Kolar, Tumkur, Chitaldroog and Hassan, calling for lists of Prod. Relief works considered suitable, in view of the possibility of some revival of distress.

may affect the Estimates very seriously. It is true that in December 1877 when the first Kist fell due 4½ lacs of revenue were collected, only a little short of the collections of December 1876, but it must be remembered that the orders refused were not issued till the 26th of that month and could not have been acted on till January. The 4½ lacs were collected during December in the several Districts in the proportions noted in the margin.

	Collected in	
	December 1877	January (1st to 25th)
Bangalore	15.000	8.500
Kolar	67.000	20.000
Tumkur	15.000	3.000
Shemoga	138.000	35.000
Kadur	53.000	24.000
Chitaldroog	18.000	34.500
Mysore	98.000	36.000
Hassan	39.000	29.000
Total	443.000	190.000

The figures in juxtaposition are those ~~separately~~ ~~under~~ ~~heads~~ ~~been~~ collected in January and reported upto the 25th of the month and would seem to indicate the effect of the concessions made to the ryots in the distressed parts of the country.

6. Until the Jamabundy Settlement is completed on the principles laid down in the orders of 26th December the actual demand

demand for the present revenue year must be uncertain. From the Statement embodied in Chief Commissioner's Proceedings No. 7164 of 17th November 1877, I find that out of the total land revenue demand of 1876-77 Rs 64.30,000/, a sum of Rs 9.17,000/ was remitted during the settlement, Rs 50.34,000/ was collected upto August and September 1877 and 14 lacs were outstanding. Of this, 13 lacs were uncollected in the 5 distressed Districts to which the recent concessions apply, and we may reasonably anticipate at least an equal failure of collections in the present year. At close of November the unrealised demand was reduced to 12 lacs. I propose therefore to estimate the demand for the revenue year 1877-78 at 52 lacs which is about 12 lacs less than the demand of last year. From this however a considerable deduction should be made on account of the postponement of collections from lands of which less than half

half the area has been cultivated. We may then conjecturally calculate the collections of January to March. Thus,

Estimated demand for the
Revenue Year — 52 lacs.

Deduct for postponements to
next year on account of insufficiently
cultivated lands and unforeseen
delays in collection ———— 10 ——— 42 lacs

¾ths due at 10 lacs per month — January to March — 31,50,000

Deduct realised by anticipation in December. 4,40,000.

Net amount to be realised
January to March 1878. } 27,10,000

Adopting this figure, the accuracy of which depends mainly on the effect of the recent concessions, and adding it to the realisations upto December inclusive Rs 20,83,000

Perhaps it is the safer to accept this figure for remainder of Estimate a total Land Revenue collection for the current financial year of 48 lacs.

Mohturpha

The Mohatpha Assessment on Houses and Shops is estimated by your Office at Rs 3,65,000 to be realised during 1877-8, but seeing that they amounted to only Rs 2,15,000 in 1876-77 before the famine reached a climax and desolated the smaller towns

Towns and Customs where the Tax was
Imp. Tax acquitted. Leviable, I submit that 2 lacs appear to
be a more probable estimate.

8. Other heads of Receipt have needed
but little alteration from the estimates
of last August except Abkari which has
fallen off and seems likely to produce
8 lacs instead of 9. The result given by
the foregoing estimates is a total of;

Income under all heads	
of Revenue at ———	7/4.23.000
Realised by sale of Invested	
funds —	45.96.000
Loan from Government of	
India upto date —	45.00.000
Total of actuals and estimated	
Receipts of 1877-78 —	165.19.000
Total estimated expenditure	
of 1877-78 —	168.00.000
Estimated Deficit of receipts	2.81.000

9. From the foregoing Statement
it will be seen that according to present
Estimates we shall probably require
further aid before 31st March 1878, in
addition to the 45 lacs received upto date
as

as a Loan from the Government of India. We have today in the Chief Commissioner's Treasury a balance of Rs. 926.463 including Rs. 251.989 deposited by the General Relief Committee which is likely to be demanded in the course of a few weeks by instalments either in cash or transfer receipts payable in the Districts. Out of the Government Balance of Rs. 674.474 after paying the British Subsidy on the 31st instant (204.166) we shall begin the month of February with 470.000 in the Central Treasury, and unless considerable collections of revenue shall have been remitted in the last 10 days of this month, I estimate that we must make the following remittances to the Districts during February-

Bangalore —	2 lacs
Tumkur —	1 "
Kolar —	1 "
Bijapur —	1 "
Hassan —	1/2 "
Total -	5 1/2

The

The 3 Districts of the Nagar Division ought, and to, require aid immediately, but until the result of the postponement of revenue collections is known, I apprehend that a further loan of 5 lacs should be solicited from the Government of India, to be obtained during February, by instalments as they may be needed.

10. The Cash Balances of the Treasuries have stood as follows since 1st April 1877.

		Chief Commissioner's Treasury	3 District Treasuries	Totals	
April	1877	423.023	2457.150	2880.173	
May	"	465.773	2012.291	2478.064

To

The Secretary to the Commissioner
General Department

Sir,

In reply to your No. 9028 of
the 18th instant enclosing copy of Government
of India Foreign Department telegram
dated 16th idem sanctioning further pur-
chases on Loan Account and calling for a
report, I have the honor to refer you to my
letter No. 5553 of this date submitting a
revised Estimate of ways and means
up to 31st March 1878, and reporting the
amount of loan already received and that
which will probably be required to meet
demands, making 50 lacs altogether up
to that date.

2 As regards the repayment of the
loan I beg to remark that the question

Reducing public expenditure in all departments having been referred by the Chief Commissioner to a Special Committee, it will be necessary to await their report and the orders which may be passed thereon, before it can be determined to what extent the means of the province may suffice to liquidate the loan and the interest.

At the present time however it may well be doubted whether during the ensuing financial year any repayment of the loan will be feasible, as the effects of the drought and famine have not yet passed away, and the outturn of the harvest is already causing uneasiness as to the prospects of the revenue, whilst the concessions recently sanctioned by the Chief Commissioner seem likely to defer a large proportion of the collections to next year. Hence, until the result of the Sumabundy settlement now in progress is reported it must be an open question whether further loans may not be necessary in aid of actual realizations until the revenue collections fall due in December 1878.

I have the honor to be
Your most obedient Servant

Deputy Accountant General's Office
Bangalore February 1878

To
The Deputy Accountant General
of Mysore

The Secretary to the Chief Commissioner
General Department

Sir

I have the honor to acknowledge
receipt of your docket No 605/443
of the 5th instant requesting a statement
of proposals for the repayment of the
famine loan made to the Mysore
State by the Government of India on
a consideration of the reductions proposed
in the allotment of the Public Works
Department and in other branches of the
administration.

2. The Retrenchment Committee's
report having been received we are now
in a position to form a forecast, tho
still an imperfect one, of the means

which

which may be available for the discharge of the debt, if the Commissioners recommendations be accepted by the Secretary of State for India in Council.

2. The recommendations when fully carried out will eventually effect a decrease in the ordinary Civil Expenditure of the Province of Rs 584,128, besides adding one lac to the revenue in the larger scale of sandal wood, and a contribution from local funds of 1½ lacs to the provincial budget provides, as in several past years, 15 lacs only for the Ordinary Public Work, grant on which all preceding estimates of surplus have been based, the Committee very properly make a deduction from the above assets, of Rs 150,000 for the year 1878-79, as they propose that the expenditure of the Public Works Department should be 16½ lacs in that year subject to further reduction hereafter.

Revenue Department	393,733	
Deduct proposed contributions from Local Funds included	150,000	243,733.
Judicial & Jail Establishment		50,660.
Police and Military		236,408
Education		33,207
Total of reduction on Civil Expenditure		584,128.
Additional Revenue from Sandalwood		100,000
Proposed contribution from Local Funds		150,000.
		834,128.
Deduct P. W. Expenditure on account of ordinary Grant		150,000
Net		684,128.

4 The Assets computed by the committee

as likely to be produced by their scheme amounts to 7½ crores. To this they added a surplus of 4 lacs which on my letter to the Government of India Financial Department dated 4th September last, I estimated as possible "a year after the cessation of the famines and the more immediate effects on the Agriculture of the country". The estimate was based on the assumption that the income of the province should have reached the maximum of 110 lacs, attained in the year 1875-76, that the Public Works Department would be limited to 15 lacs, the Imperial Service being either entirely suspended or materially curtailed, and the gross administrative Expenditure kept within 106 lacs.

5 There is reason to hope that the estimated surplus of 3 to 4 lacs indicated by the normal periods and charges may be realized in the year 1878-9. The effects of the drought and famine have not yet wholly passed away, but the estimates called for in the Revenue Department of your Office indicate a land revenue collection of 80 lacs and a gross income under all heads of 114 lacs. Allowing such an anticipature appears

appears to be sanguine and cannot be accepted with confidence in the present condition of the country. It is possible that under favorable circumstances with fair monsoons and a revival of agriculture, a large proportion of the deferred ~~revenue~~ demands may be realized and thus the receipts under all heads may reach 110 Lacs in 1878-79. I fear the apprehensions now prevailing of a return of distress in some parts of the province may happily not be verified, the famine expenditure may altogether cease early in the financial year, and we may then calculate on a possible surplus on 31st March 1879 of 3 Lacs, irrespective of any that may be produced by the recommendations of the Committee.

6 It remains to consider how far the Committee's proposals if approved can be carried into effect during the year. The reductions recommended tho' seemingly practicable may not all be immediately so. The Government may be disposed to deprecate abrupt and wholesale reductions

of

of Establishments and such as can be carried out will entail pensions and gratuities per contra. It would not be advisable therefore to reckon on more than half the amount of assets proposed from this source during the first year, i.e $\frac{5.84.000}{2} = 2.92.000$, from which should be deducted 150,000 for the Public Works department in excess of the ordinary grant. The net amount produced by reductions of expenditure will thus be about 1½ lacs. To this may be added 1 lac from an increased sale of Sandalwood and 1 lac of the proposed contribution from local funds, or altogether say 3½ lacs plus the 3 lacs of normal surplus together amounting to Six or Seven lacs in 1878-79 -

7. Thus, subject ~~to~~ to the reservations to which I have referred, the Mysore State may be in a position to pay 6 or 7 lacs towards the loan and the accumulated interest at the close of the year. Further,

when

when the Public Works Expenditure is reduced, say to 15 lacs, and the Committees other recommendations are fully carried out, we may reckon on an annual Surplus of about 11 lacs.

Reductions of Civil Expenditure 584,000
additional land & wood revenue 100,000
full contribution from Local funds 150,000
surplus on normal Receipts & Charges 300,000
11,34,000

& until the results of the special Summabundy settlement now in progress is reported, and which it is feared may have the effect of postponing to about December 1878 a large proportion of the revenue which would under different circumstances have been realized from December 1877 to May 1878 it is impossible to state whether more than the 50 lacs of loan already solicited for the year ending 31st March, may or may not be needed to meet the current expenditure of the administration until December 1878, but the Chief Commissioner may rely on my so utilizing the Cash balances as to limit our demands to a minimum.

I have the honor to be
Sir
Your most Obedient Servant.

Mr. C C Office
Bangalore 23rd July 1878

To The Secy to the Govt of India
Foreign Dept.
Calcutta

Sir,

In Continuation of my letter No 9758/154 of the 5th instant, I am directed to state that the Chief Engr, having Considered the Dy Accountant on the Subject, and having received the report of the Retrenchment Committee, is now in a position to submit, for the information of the Govt of India, the following proposals for the repayment of the Famine Loan made to the Mysore State by the Govt of India -

2. The recommendations of the Committee, which fully carried out, will, it is estimated, effect a decrease in the Ordinary Civil Expenditure of Rs. 5,84,128

× Which are now under the Ch. Comm's consideration and will be submitted with his views thereon.

the provision of Rs 5,84,128, besides adding 1 lac to the revenue by the larger sale of land at town, and a Contribution from Local funds of 1½ lacs. As the provincial Budget provides, as in several past years, 15 lacs only for the ordinary Public Works grant, on which all preceding Estimates of surplus have been based, a deduction from the above assets of Rs 1,50,000 for the year 1878/79 has been made by the Committee, as it is proposed that the Expenditure of the P.W. Dept in that year should be 16½ lacs, subject to further deduction hereafter.-

3. Then the assets Computed as likely to be realised by the Committee's Scheme amount to Rs 6,84,128. To this is to be added a surplus of 4 lacs which the Accountant, in his letter of the

Revenue Dept.	3,93,733	
Deduct proposed Contribution from Local funds included	1,50,000	2,43,733
Judicial & Jail Establishments		70,660
Police and Military		2,36,468
Education		33,267
Total reduction in Civil expenditure		5,84,128
additional Revenue from Sandal wood.		1,00,000
Proposed Contribution from Local funds.		1,50,000
		8,34,128
Deduct Public Works Expenditure in excess of ordinary grant.		1,50,000
		Net 6,84,128

× 2
1

Govt of India, Fincl Dept.,
No 4. dt Sept. last, estimated
as possible "a year after the
cessation of the famine
and its more immediate
effects on the agriculture
of the Country". This estimate
was based on the assumption
that the income of the famine
should have reached the
maximum of 110 lacs,
attained in the year 1875/76,
that the P.W. Dept would
be limited to 15 lacs, the
Topographical survey being
either entirely suspended
or materially curtailed, and
the gross Administrative
Expenditure kept within
100 lacs.

4. The Chief Comr has reason
to hope that the estimated
surplus of 3 to 4 lacs indicated
by the normal receipts and
charges may be realized in
the year 1878/79. The effects
of the Drought and famine
have not yet wholly passed
away, but the Estimates lately

framed in this Office
indicate a land Revenue
Collection of 80 Lacs, and
a Gross Income under all
heads of 114 Lacs.—
Although such an anticipation
cannot be accepted with
confidence in the present
condition of the Country,
it is possible that, under
favorable Circumstances,
with fair Seasons and
a revival of Agriculture,
a large proportion of the
deferred Revenue Demands
may be realized, and
thus the receipts under
all heads may reach
110 Lacs in 1878/79.
If again the Apprehension
now prevailing for Return
of Distress in some parts
of the Province may happily
not be verified, the Famine
Expenditure may altogether
cease early in the Financial
Year, and a possible Surplus
on 31st March 1879 of 3 Lacs,
may then be calculated upon,
irrespective

Irrespective of any that may be produced by the recommendations of the Committee.

5. The proposals of the Committee if approved through difficulties, practicable may not all be carried into effect during the year. The Govt of India may not be disposed to sanction abrupt and wholesale reductions of establishments, and such as can be carried out will entail pensions and gratuities per Contra. It would not in the opinion of the Chief Com^r be advisable to reckon on more than half the amount of assets supposed from this source during the first year, i.e., $\frac{5,84,000}{2} = 2,92,000$, from which should be deducted 1,50,000 for the Public Works Dept. in excess of the Provincial grant. The net amount produced by reductions of establishments will then be about 1½ lacs. To this should be added 1 lac from an increased sale of Stamps = Wood, and 1 lac of the proposed Contributions from Local funds,

or altogether 3½ Lacs
than the 3 Lacs of normal
surplus, making together
6 or 7 Lacs in 1878/79.

6. Subject to the reservation
referred to above, it is hoped
that the Mysore State will
be able to contribute towards
6 or 7 Lacs towards the loan
and the accumulated
interest at the close of the
year. Further, when the P.W.
Expenditure is reduced, say
to 15 Lacs, and the Committee's
proposals are fully carried
out, an annual surplus
of about 11 Lacs may be
reckoned upon -

7. Until the results of the
special Famine and other
Expenditure in progress are
settled, and which it is
feared may have the effect
of postponing to about
December 1878 a large por-
-tion of the Revenue, which
would under different cir-
-cumstances have been realized

Direction of Civil Expenditure —	5,84,000
Add. Land Revenue —	1,00,000
Full Contribution from Local funds —	1,50,000
Surplus on Normal Receipts & Charges —	3,00,000
	Rs. 11,34,000

from Dec 1877 to May 1878,
the Chief Comp in Mauritius
to state whether more than the
50 Cases of loan already
solicited for the year ending
31st March next, may or
may not be required to meet
the Current Expenditure of
the Administration until
Dec 1878, but the Govt of
India may rely on the Cash
balances being so utilized
as to limit the demands to a
minimum -

No 6293

From (33)

Deputy Accountant Generals' Office
Bangalore 18th March 1878.

Deputy Accountant General
of Mysore

To.

The Secretary to the Chief Commissioner
General Department

Sir,

I have the honor to submit for the Chief Commissioner's consideration a further review of our financial position which I regret to observe is far from encouraging.

2. It will be remembered that in para 6 of my report of 31st January last No 5553, I estimated the Land Revenue Collections of the current year 1877-78 at 48 lacs of which it was expected that Rs 27,10,000/ would be realised from January to March. From the Treasury returns received I find that the collections in January & February amount to Rs 12,33,000/ only, making a total from the commencement of the year of Rs: 33,16,000/. This leaves 15 lacs to be realised in March current, to make up 48 lacs but there seems to be little probability that the collections will reach that amount. In the 3 districts of Bangalore, Kolar & Tumkoor they may be said to have failed and in all they have diminished from Rs 7,39,000/ in January to Rs 4,94,000/ in February,

altho

altho' the Chief Commissioners orders of 26 December fixed one fourth of the whole years demand /or 4 Annas/ as the Kists for each months of January, February, March & May

3. I beg to submit a statement shewing the Land Revenue collections in each District from December to February of each of the years 1875/76 & 1876/77, & ~~from December to February~~ and of the current year. The figures bring to light the serious deficiency we have now to meet, as follows.

Land Revenue Collections

December 1875 to February 1876. Rs 43.68.000
December 1876 to February 1877. " 25.28.000
December 1877 to February 1878. " 16.75.000

4. Notwithstanding the larger collections of 1876/77, the necessities of the State obliged us to dispose by sale of invested funds amounting to Rs 15.60.000/ commencing in November 1876 to March 1877. During the current year 1877/78, 46 lacs have been realised from the invested funds and 50 lacs will have been received up to 31st March current on account of the loan from the Government of India, making a total of 96 lacs in aid of the ordinary income of the province from all sources which up to the end of February 1878 amounted to Rs 56.33.000 The total receipts reported are thus 152 lacs.

5. The Budget of the Year 1878/79 is based on an income of Rs 1146.1000/ with an expenditure of Rs 1095.1000/ but it makes no provision for Famine Charges or the abnormal expenditure of the Public

Works.

Works Department. Meanwhile as the Chief Commissioner is aware the Special Famine Establishments continue to be maintained, new relief works are being opened, advances are being made to Ryots for sinking wells, & the railway embankment is being carried on at an outlay of more than a lac a month. This, with the heavy expenditure still imposed on the Treasury and the unsatisfactory progress of the land revenue collections as already shown, the receipts of the province will be wholly inadequate until the land revenue demands become due in December next. The interval must be a period of financial embarrassment when further loans will be absolutely necessary, but if the estimated revenue of 1878/79 be realised in full it may be possible to repay whatever may be borrowed during the early part of the year for immediate needs.

6. From what has been stated above the Chief Commissioner will be prepared for any request that the Government of India may be urgently moved to sanction a loan of 5 lacs for April. The whole amount may not be needed, in that month if the revenue collections prove to be better in March & April than they have been, but I estimate that at least 3 lacs will have to be drawn upon.

7. The surplus funds of the Shemoga & Kadur Districts are now under remittances partly to Soonkoor & the rest to the Chief Commissioners Treasury which with the loan already

already sanctioned will be enabled to pay the subsidy on the 31st March & supply the deficits of Bangalore, Tumkur, Kolar & Chitaldroog whose insufficient collections & heavy expenditure on Public Works, Relief Works & the like demand 5 Rs 6 lacs monthly. The Mysore Treasury is now being supplied with half a lac from Nagpur & the same amount from Head Quarters to meet the special expenses arising out of the approaching marriage of His Highness the Maha Rajah.

I have the honor to be
Sir
Your most Obedient Servant

To The Secretary to Govt
Foreign

I am directed by the Chief Commissioner to forward for the information of the Government of India a copy of a letter No. 6293 from the D.A.G. of this Province dated the 20th instant, with its enclosure, and to request that the sum of Rs 5 may be drawn upon the Government of India in favor of Mr Hudson, and debited to this account.

2. Mr Hudson's application for the grant of a small piece of land in the Jungle appears to the Chief Commissioner to be a reasonable one, and he has accordingly authorized the grant of the land applied for, subject to the usual conditions.

3. I am to request that the Government of India will be pleased to issue the necessary orders for the transfer of the land to Mr Hudson.

† When land is granted to Europeans for agricultural purposes the Collector is to be informed, & instructed to report when the conditions of the grant have been complied with.

Deputy Accountant General's Office
Bangalore 17th June 1878
18/6/78

To The Deputy Accountant General
of Mysore

The Secretary to the Chief Commissioner
General Department

Sir

I have the honor to represent that the Cash Balance of the Chief Commissioner's Treasury today amounts to Rupees 162000/, and in order to meet the exceptional demands at the Mysore treasury in consequence of the marriage expenses of H. H. the Maha Rajah, it has recently become necessary to aid that treasury with the surplus in Currency Notes which had accumulated in the Shemoga District, as well as half a Lac from Kassan and 10000/ from Bangalore. The improvement in the collection of land revenue since the issue of the Chief Commissioner's orders of 12th April last, has enabled us

to meet all public requirements without drawing more than 3 lacs (on 1st April) out of the loan of 5 lacs which was sanctioned by the Government of India in Foreign Department Telegram dated 26th March 1878. But it will not be possible to pay the Subsidy due to the British Government on the 30th Inst. (Rs 2,04,166) and other current demands unless we avail ourselves of the two lacs of rupees due on the sanction above cited. I request the Chief Commissioners permission to apply for that amount at once, making the total sum obtained by loan Rupees 5,00,000.

Yes. He should apply at once.
HBL

2. Further from the accompanying Copy of the Financial Secretary's Telegram dated 6th March 1878 and my reply of the 7th idem it will be seen that the Government of India is desirous that the Interest on the Famine Debt should be paid half yearly, and the Chief Commissioner has assented to payments in June and

December

December. To avoid complications in account I would recommend that the Interest up to 30th June, about Rupees 15,000, be paid in July, & this it will inevitably entail the necessity for a further loan—

I agree HDL

3 The Collections of Land Revenue in the first 10 days of June Current are given in the margin. Unless more satisfactory progress be made in the Bangalore and Tumkur Districts I apprehend both will need remittances early in that months, and Mysore also will probably be unable to meet its requirements unaided.

Bangalore	26,335
Kolar	55176
Tumkur	17937
Shemoga	5,064
Kadur	36828
Chitaldroog	36185
Mysore	29860
Hassan	82570
	321955

4. Under these circumstances I beg to suggest that the Chief Commissioner may be moved to solicit the sanction of the Government of India for a loan of three lacs to be made available on the 1st July— It will be drawn upon by instalments as the necessity may arise—

Let three lakhs be asked for HDL 19/6

5— I may add that the total Land Revenue Collections

Collections of the year ending 31st March 1878 amounted to Rupees 1,30,00,000 only, against 5,00,000 in the year 1876-77, and 71 lacs in the previous year. In April and May 1878 the Collections have amounted to Rs 11,16,000, against 8,22,000 in the same months of last year. The difference of 6 lacs in favor of the new year is I presume due chiefly to arrears and cannot be attributed to any increase in the settlement. I shall be greatly obliged by your causing me to be furnished with a statement shewing the land revenue demand for the Revenue year 1877-78 (ending June) as far as may be known, to enable me to submit a report to the Chief Commissioner as to the probable amount of our requirements during the remaining months of the year. I apprehend that it will be found that no addition to the 55 lacs already sanctioned by the Government of India, a further loan of 25 lacs will be needed before apart from Railway Expenditure

the

Simla

Sir, With reference to the Chief Comr's Telegram of address of the 21st instant, I am directed by him for the information of H.E. the Viceroy & Governor General in Council, the accompanying Copy of letter No 1530 of the 17th instant from the Dy Accountant in Mysore* forwarding for a further sum of 3 Lacs of Rupees, to be made available on the 1st July 1878, the amount of the Subsidy for the month of June 1878 including the aggregate sums of the Orders granted to this Administration till the Rs. 58,02,000.-

2. From the fact that the Collections of the Land Revenue

* Which Captain Hearsey reports on which application has been made by Govt of India

2. In accordance with his request made on the first ... of this

in most of the Districts, since April last, greatly improved. It has proved necessary to draw 3 lacs only, out of the 5 lacs sanctioned by the Govt. of India in your Telegram of the 26th March last, but the Chief Comm's Treasury which, on the 17th instant, amounted to only Rs 1,62,000, with the amount of the payments of the Subsidy (Rs 2,04,166) which fall due on the 30th inst; & after providing many Charges, and the Treasuries of Mysore, Cherrapoonjee and Assam having been largely drawn upon to meet the requirements of the season, the Chief Comm has anticipated the necessity to apply at once for the 2 lacs remaining under Sanction, to meet these demands. —

the Resident at Hyderabad, the Deputy Accountant General has been authorised to draw upon the Accountant General at Madras, for 2 lacs of Rupees remaining at the disposal of the Govt of India out of the loan of 5 lacs sanctioned by your Telegram of 26th March last. The sum thus drawn will be observed, is to be credited at once to the Deputy in charge of Assam on account of the Subsidy & the Budget for, and other current demands.

3. ~~In reply to your letter~~ ~~Dated~~ ~~Received~~ ~~Registered~~ ~~Application~~ ~~Letter~~

Deputy Accountant General's Office
Bangalore July 1878

From

The Deputy Accountant General

To

The Secretary to the Chief Commissioner
(or the Hon'ble)
General Department

Referring to the concluding portion of my letter No 1530 dated 4th June wherein I estimated that about 25 Lacs of Rupees would be needed as a further loan from the Government of India before the Revenue Collection of the current year fall due, I have the honor to report that I have on the 23rd instant received a remittance of three Lacs of Rupees from the Bank of Madras / Government Treasury /

being

being the amount of loan sanctioned in Government of India Telegram dated 8th July.

During the past month, I have been obliged to supply the treasuries named in the margin with funds to the amount of Rupees 305000/ from the Chief Commissioner's Treasury.

Bangalore	135000-
Kolar	10000-
Cuddapah	60000-
Mysore	100000-

The Cash balance to day is Rupees 298000 which is just sufficient to pay the British Subsidy of 204166 and to leave a small sum in hand for immediate requirements at the commencement of August.

I beg therefore that the Chief Commissioner may be moved to solicit a further loan for August of 4 lacs to be drawn upon by instalments as needed. Of this, two lacs are needed very urgently as I expect early demands from the Bangalore and Mysore Districts. Very probably one lac more may be needed in that month, i.e. five lacs altogether as the Interest due on the famine loan

uk

up to 30th June last, yet to be discharged -

I have the honor to be,
Sir,
Your most Obedient Servant -

Sir

I have the honor to report for the information of His Excellency the Governor General in Council, that the Director General Estimates that in addition to the Loans hitherto demanded, about 25 Lacs will be needed for the ordinary Expenses of the Province before the Revenue Collections of the Current year fall due.

2. The Cash balance on the 29th instant was Rs 298,000 which is just sufficient to pay the Subsidy of the British

I have the honor to acknowledge the receipt of your letter No 2256/27 of 25 June last, in which you request that an application may be made for a further loan of three Lacs of Rupees to meet the Famine expenditure of this Province during the current month by Government Treasury Warrants, and to state that the Governor General in Council has been pleased to sanction the loan applied for.

2 The Cash balance on the 29th instant was Rs 298,000 which is just sufficient to pay the British Subsidy due on that date, and you are requested in order to meet

from Rs 2,04,166/, leaving a small sum in hand to meet immediate requirements at the beginning of next month.

3. From the Commissioner applied for in 24 provinces in August 1878 two lacs only, he required to meet demands from the Bengal and Assam Districts, and one lac for payment of interest due on the Jammu loan up to 30th June 1878.

Chief Secretary

30/7/78

No. 396 F.

From

The Secretary to the Govt of India,

To

The Chief Commissioner of Mysore.

Dated Simla, the 6th August 1878.

Foreign Deptt.
Finance.
} Sir,

I am directed to acknowledge your Secretary's letter No. 2256/F.27, dated 25th June 1878, regarding the application lately made by you for a further loan of three lacs of Rupees.

2. Sanction to the loan has been conveyed in my telegram No 335 F, of the 8th July.

3.

3. I am directed to point out that including this sum the Province of Mysore has now borrowed fifty-eight* lacs of Rupees from the Government of India. And the Deputy Accountant-General anticipates that a further loan of twenty-two lacs will be needed apart from Railway requirements before the earliest collections of the current year fall due.

* 63 lacs including the further loan of 5 lacs sanctioned by the telegram dated 3rd August

4. Having in view the large sums already advanced by the Government of India to Mysore and the further amount which it is said will be required, before the funds of the Mysore State will suffice to meet the current demands, the Governor General in Council feels that it is urgently neces-

-sary

necessary that a comprehensive view of the present and prospective financial position of the State should be prepared with the least possible delay, and submitted for the consideration of the Government of India. The liabilities of Mysore, already incurred and likely to be incurred, will call for vigorous measures to prevent serious embarrassment, and it is manifestly important that no time should be lost in carrying out all possible measures of economy.

I have the honor to be,

Sir,

Your most Obedt. Servt.

From

The Deputy Accountant General
of Mysore

To

The Secretary to the Chief Commissioner
General Department

Sir,

I have the honor to report that on the five Lacs of Rupees sanctioned in Government of India Foreign Department Telegram of 3rd Instant as a loan to the Mysore State to meet requirements for the current months of August, I received two Lacs on the 7th instant. The Chief Commissioner's Treasury balance being reduced to Rupees 60,000, I have applied to the Accountant General Madras for one Lac more. The residue of two Lacs will be applied towards

the

the payment of the first half year's interest
ending June 1878 (Rs 1,57,575. 5. 6) due
on the Famine loan, as soon as the
Accountant General Madras may issue
Orders to Her Majesty's Treasury on the subject.
I have instructed the Shemoga Treasury to
remit all its surplus Currency Notes
to Bangalore and hope by these means
to be able to discharge the British Subsidy
of Rs 2,01,166 on due date (31st current)
But as none of the other District
Treasuries can spare funds, I apprehend
that the Cash balance of the Chief Commissioner's
Treasury will be at the lowest ebb on the
1st September, and beg therefore that the
Chief Commissioner may be moved to
obtain the sanction of the Government of
India to a further loan of 5 Lacs for
September of which two Lacs will be
required to be delivered at Bangalore
on the morning of the 1st of that month
at the latest.

J

I may note for the Chief Commissioner's information how the 2 lacs of loan received on the 7th Instant have been Expended

Cash balance excluding the 2 Lacs	2,58,000
Remitted to Bangalore Central	70,000
" Tumkur	10,000
" Mysore	50,000
Cash payments for Local Forces	34,000
" Palace charges	12000
Indian Money Order demands	18000
	194000
Present Cash Balance. Rupees	64,000.

I may add, that I have been obliged to remit 50,000 from the Kolar Treasury to Bangalore and 50,000 from Hassan to Mysore in addition to the two remittances from the Chief Commissioner's Treasury noted above. I estimate that the Shemoga Treasury will be able to aid Chickmagalur and Hassan should they fall short in September. But Tumkur, Bangalore, and Mysore will all require help from 1st Quarters in that month.

I have the honor to be
Sir
Your most Obedient Servant

No. 4409
66 H

Draft.

To, The Secy to the Govt of India
Foreign dept.

Order.

[Have this draft fair'd, sign it and send to Govt of India at once. The letter referred to in my last para is one dispatched in June last I believe in P.W.D. on the subject of the Railway. Ascertain its number & date from P.W.D. and quote them in this letter. I returned the letter in a bundle to the P.W.D., on subject of R^y workshop, a week ago from this — should there be any point in this draft on which Secretary or D.a.G. entertains doubt, let ref^ce be made again to me, not otherwise.

With regard to the Rev heads for 78/79, please send me at once the papers on which orders

No 396. 7

In reply to your letter d 6th ultimo the Chief Comm^r desires me to forward the accompanying copy of a letter d 28th ultimo from the D.a.G. Mysore reporting on the financial condition and prospects of this Province for the years 1877/78 and 1878/79.

2 The former year (1877/78) closed, owing to the great losses of revenue, on the one hand, and the great expenditure on the other, with a famine debt of 50 (fifty) lakhs of rupees, after the whole of the invested funds amounting to more than 60 (sixty) lakhs of rupees had been expended.

3 This loss has indeed been a very grievous calamity to the Province entirely subverting its financial condition, at a time when it was specially desirable, on

political grounds that the State should be free from pecuniary embarrassment.

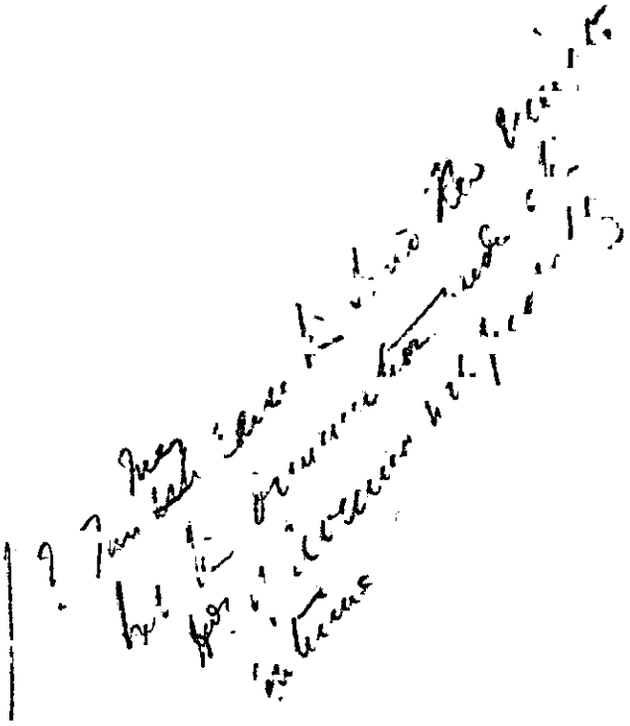
The Chief Comm[r]. however did not expect, nor has he now any reason to believe, that there will be any very considerable further additions to the above debt. -

The revenues it is expected, as far as present prospects serve as a guide, will recover considerably in the current year so as to reach nearly the normal amount of 110 (one hundred & ten) lakhs.

The actual receipts owing to the very large amount of outstandings at the beginning of the year, may not improbably be found, after allowing for a considerable portion as irrecoverable, may materially to exceed 110 (one hundred & ten) lakhs.

for the last year were passed - together with the Secty's opinion as to the alterations necessary for the coming year. Ref[ce] again to the Comm[rs] is perhaps not necessary!

HDG 3/9



7 The expenditure of the year as estimated by the D. A. G. will amount to 123 (one hundred & twenty three) lakhs. This will be due mainly to the high scale of famine expenditure which extended over several months of the current year.

8 The financial result of the year may thus be estimated at a loss at the worst of about 10 (ten) lakhs, less rather than more. Indeed if the collections of outstandings ^ arrears be good there may be no loss whatever. The additional loan of 30 (thirty) lakhs ^ ~~asked for the remainder of the current year~~ has been necessitated entirely by the high scale of famine expenditure, in the earlier months of the year, when the revenue collections were as usual small. But that loan will be repaid, it is believed, by ^ from the collections of the latter months of the year, to a great extent, if not wholly,

123
110
13

over and above the 50 (fifty) lakhs referred to, which includes what is anticipated as necessary ~~for the remainder of the current year~~ to the end of November 1878

current year, ~~to be Rs~~
~~Capthas perhaps of the 10~~
~~(ten) Lakhs above referred~~ any small remain-
to and against there
ing balance will be ~~necessary~~
~~to~~ set off the value of Road
work done by famine
labor, which must be
charged to the Railway
Loan. —

The 26 (twenty six) Lakhs
of cash balances at the
beginning of 1878/79
then
will be available, at the
beginning of 1879/80, to
carry on the ordinary
Expenditure of that year
in its earlier months.

As regards the future
then the Province may
be expected to start from
1879/80 with a famine
about
debt of ~~between~~ 50 (fifty)
~~and 60 (sixty)~~ Lakhs -
probable
Concerning the liqui
& of any Railway loans
dation of this debt -
by reduction of Expendi

time and any increase of Revenue, this C.C. would refer to Sir Richard Temple's Letter No. 611 of 1877 to the Govt of India, on which he is ~~reluctant~~ reluctant to add more.

Deputy Accountant General's Office
Bangalore 16th October 1878

From
The Deputy Accountant General
of Mysore
To
The Secretary to the Chief Commissioner
General Department

Sir,

I have the honor to report that I have received from Madras three lacs of Rupees in the Current month out of the 5 lacs of Loans lately sanctioned by the Government of India. The balance of 2 lacs will be obtained before the 31st inst but owing to the heavy demands of the Bangalore Sumtur and Mysore Districts

Remittances made in October.	Further applied for.
Bangalore. ₹ 5000.	₹ 5000.
Sumtur. ₹ 5000.	-
Mysore. ₹ 30,000	20,000

I apprehend that there will barely be sufficient funds in the Chief Commissioner's Treasury to discharge the British Subsidy due on that day.

2. I have now to request that the Chief Commissioner may be moved to obtain sanction for ~~the~~ seven lacs of rupees to be granted as a loan during the months of November. The will complete the 80 lacs which are estimated as likely to be needed before the commencement of

of the revenue collections in December. In the early part of that month our treasury Cash balances will be reduced to a minimum and I submit that early instructions may be issued to the Revenue Officers to commence the realization of the first instalment at the earliest possible date.

3. The 3 Treasuries of the Nagar Division, Ina hopeful, may be able to assist in supplying Sunkar and Mysore with funds to some extent towards the close of November to meet immediate requirements. Enquiry will be made at once on this subject, but it seems probable that two or three lacs more may have to be applied for as a temporary loan in December. I note in the margin for the Chief Commissioner's information the Land Revenue collections and the loans received in our treasuries since the commencement of the current Official year.

	Land Revenue Collections	Loans
April	64,3000	300,000
May	7,73,000	
June	7,33,000	200,000
July	49,5000	300,000
August	25,5000	500,000
September	22,1,000	500,000

I have the honor to be,
Sir,
Your most Obedient Servant.

INDIAN TELEGRAM.

To (Station) Simla

To (Name) Foreign

Dated 17th October 1878.

It is estimated that owing mainly to cessation of all revenue collections, a sum of seven lakhs will be indispensably necessary as a further loan for months of November. This sum will complete the 80 lakhs estimated as our requirements up to that period. Sanction is solicited to draw this sum (seven lakhs) from Madras in convenient instalments from 1st proximo. I am hopeful that no further loan may be necessary.

No. 542. F.

From

The Under Secretary to the
Government of India

To

The Chief Commissioner
of Mysore

Foreign Dept
Finance

Dated Simla, the 28th October 1878.

Sir,

I am directed to acknowledge your telegrams of the 26th and 30th ultimo and 17th instant, soliciting sanction to a further loan of twelve (12) lakhs of rupees to the Mysore State.

2. In the telegrams from the Financial Department dated 5th and 22nd instant, sanction has been given to this loan, and I am now to convey to you the further orders of the Governor General in Council.

3. The entire sum which has up to this time been advanced amounts to eighty (80) lakhs of rupees. In the present position of affairs it

it is not considered expedient that Imperial revenues should, except in case of urgent need, be subjected to any further call on account of Mysore, I am therefore to request that before any application is made for another advance, all the available resources of the State may be utilized including any Government paper which may still remain unsold. The rate of interest to be charged will be open to re-consideration.

4. A Statement should be submitted without delay showing as precisely as possible the future wants of the State.

I have the honor to be,

Sir,

Your most obedt servant,

H. Erle

W. C. Co's Office.
Dr. 7th December 1878

To Foreign Colonial Service

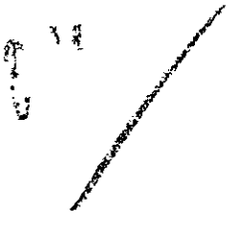
Sir

With reference to the Auditor's
Circular of 7th Inst. No 4409
5427 of 28 October, I am
directed by the Captain to
submit herewith Statement
Claim in duplicate No 4409
of 3 Sept. last, and to request
that the Financial Condition of the Service
may be explained, so far as his
Excellency can do so at this time.

2 It is to be observed that this
Claim, like those, has passed
under the Auditor's notice
and remained unpaid, as the
Financial Arrangements of
the Province. The Inspection
Returns for Aug. of the
Steamer being attached to
the Close of the Current Quarter
year, enabled to expedite 30
one of this 80 Cabin Steamer

has been removed in consequence
~~Commencement~~ of the Season,
was based on the prospect of
a favorable harvest, and this be-
ing happily now confirmed, ~~the~~
~~Cabinet has determined~~
~~Executive Interposition~~. It
is too early yet accurately to judge
of the effect on the revenue, of
the intended diminishment
of Duties which has been carried
into effect on certain articles
of Importation, but the Collection
of the Revenue, has hitherto
fully attended, and there is every
hope that the means of the
Treasury will be found adequate
to paying at least a large
proportion of the ~~current~~
Collection of part Years, the
Amount of which was
deposited.

A Treaty of Amity & Commerce
concluded with Spain
which only ~~waits~~ ~~for~~ ~~the~~ Ratification
of Madrid to be exchanged
in the Course of Summer will
be produced, ~~and~~ which I hope
Shall be communicated, ~~to~~ ~~the~~ Congress
~~at~~ the present Session, the



Receipts a further sum
may obtained, pending the
collection of the Land Revenue
which commences during
the latter part of the present
month. Their Expenses
can be met by drawing
bills on the Treasury of the
Government presented to Sept
Bank Calcutta Account, this and for
many Stations. This aid can
only be rendered to the Public
Treasury by the monthly
receipts of the Subsidy. This
Subsidy for [illegible] the demands,
and the Captain has felt
himself the power of the
authority he was claim bed,
without Receipt of this
Sum of Exceeding Royal
Expenses to the Government
of the Imperial a further sum
from the Bay of India
